MOC 40369 A Cloud Fundamentals: MTA Exam 98-369

Course Summary

Description

This MTA Training course helps you prepare for Microsoft Technology Associate Exam 98-369, and build an understanding of these topics: the cloud, enabling, using and configuring cloud services, supporting cloud users, and administering Office 365 and Microsoft Intune. This course leverages the same content as found in the Microsoft Official Academic Course (MOAC) for this exam.

Objectives

By the end of the course, students will be able to:

- Understand the cloud
- Enable, use, and configure Microsoft Cloud Services
- Administer Office 365 and Microsoft Intune
- Support cloud users

Topics

- Understanding the Cloud
- Enabling Microsoft Cloud Services
- Administering Office 365 and Microsoft Intune
- Using and Configuring Microsoft Cloud Services
- Supporting Cloud Users

Audience

The Microsoft Technology Associate (MTA) is Microsoft's newest suite of technology certification exams that validate fundamental knowledge needed to begin building a career using Microsoft technologies. This program provides an appropriate entry point to a future career in technology and assumes some hands-on experience or training but does not assume on-the-job experience.

Prerequisite

There are no prerequisites for this course

Duration

Three Days

Course Outline *(vertical text, left margin)*

MOC 40369 A Cloud Fundamentals: MTA Exam 98-369
