

## IBM Planning Analytics/Cognos TM1: Create Scorecards (v10.2) - P8259G

### Course Summary

#### Description

IBM Planning Analytics/Cognos TM1: Create Scorecards teaches scorecard developers how to create scorecarding solutions in TM1. Through a series of lectures and hands-on exercises, participants will learn how to create all of the necessary scorecarding objects such as metrics cubes, diagrams, and maps, deploy the solution to the Web for end-user consumption, and create an engaging dashboard presentation for the solution. This training was developed using IBM Cognos TM1 10.2 but is applicable to both IBM Cognos TM1 v10.2 and IBM Planning Analytics.
